September 15, 2017

Dear Bedford Neighbor,

I'm happy to announce an opportunity to significantly reduce your home energy consumption, lower your energy bills, cut greenhouse gas emissions, and increase the year-round comfort and value of your home... and to save you an extra 10% on your upgrade work.

*Energize Bedford* is a program of Energize NY, Bedford 2020, and the Town of Bedford with one simple mission: help local homeowners make their homes more energy efficient. It has already helped nearly 200 of your Bedford neighbors complete smart and affordable energy upgrades.

**With *Energize Bedford*, the path to a more energy-efficient home is straightforward, headache-free, and affordable.**

**Step 1: Apply** for a free Home Energy Assessment. The process is quick and easy.

**Step 2: Assess.** An *Energize*-approved local contractor completes an energy assessment of your home, and gives you a detailed report outlining the results and recommendations.

**Step 3: Finance.** Choose the financing option that makes the most sense for you. In many cases, a homeowner's annual savings meet or exceed the annual loan costs.

**Step 4: Upgrade.** Your *Energize*-approved contractor does the work to your home, you enjoy the comfort and cost savings, and we all benefit from your home's reduced greenhouse gas emissions.

**Act Now and Save!** This October 1st through January 15th, *Energize Bedford* has secured a special 10% discount from the *Energize*-approved contractors exclusively for Town of Bedford residents.

Sign up with *Energize Bedford* for further information about the program. Call Lauren at 914-302-7300, ext. 8102, or go online to [www.bedford.energizeny.org](http://www.bedford.energizeny.org)

**Join us for an *Energize Bedford* campaign party on October 5th at 7 p.m.** in the Bedford Hills train station. You'll hear from neighbors who have already completed energy upgrades on their homes, and the *Energize Bedford* Energy Coach, Norm Jen. You will be glad you came!

**I'll see you on October 5th!**

Sincerely,

Chris Burdick, Supervisor
